AND SIGN IN!

**START TODAY WITH
MATHYS SPRAY PAINTS AND EARN BACK
THE VALUE OF YOUR NEW PAINT SPRAYER!**

EARN BACK YOUR SPRAY EQUIPMENT!

With the Spraymiles programme, you earn back the value of your new paint sprayer. The more Mathys Spray paints you use, the more Spraymiles you earn. For each can of Mathys Spray paint that you buy during the Spraymiles programme, you will receive a cashback at the end of the programme.

HOW DOES THE SPRAYMILES PROGRAMME WORK?

The Spraymiles programme consists of three simple steps:

STEP 1

You buy a new professional airless or airmix paint spray system* from your paint wholesaler.

STEP 2

The purchase price of the spraying equipment is included in the Spraymiles contract that you enter with your paint wholesaler and Mathys. The purchase price of the spraying equipment is the maximum amount you can earn back.

STEP 3

At the end of the two-year Spraymiles programme, you will receive your earned Spraymiles cashback from your paint wholesaler. The condition for the cashback is that you have earned back at least 50% of the value of the machine during the contract period. This is proven by the purchase invoices of the participating Spray paints.

- + For every can of Mathys Spray paint* purchased, you earn back 5% of the purchase price** of your paint.
- + In addition, we offer you free product training with your new spraying equipment and our spray paints.

* You can buy the spraying equipment and the spray paints from the same paint wholesaler.

** Net painter's purchase price excluding VAT, excluding any colour surcharge.

HOW TO PARTICIPATE?

Together with your paint wholesaler you start the Spraymiles programme by signing the Spraymiles contract. This contract with Mathys and your paint wholesaler will include which spraying equipment you bought and at what purchase price. It will also state which Mathys Spray paints you purchase and at what price. The contract runs for two years, during which time you can earn back the spraying equipment. In the contract you will also find all the conditions of the Spraymiles programme. Ask for the Spraymiles-contract at your paint wholesaler.

THE PERFECT SPRAYABLE LACQUER

Fassicryl Matt Spray en Fassicryl Satin Spray are perfect sprayable, water-based, scratch-resistant paints based on PU-acrylate. By application with airless or airmix equipment, these lacquers give a great end result!

- + Perfect flow
- + Scratch-proof and easy to clean
- + Skin-grease resistant
- + Good colour and gloss retention

SPRAY EQUIPMENT

Some professional sprayers have been pre-selected* for the Spraymiles programme. By combining our spray paints with one of these devices, you will get a perfect result.

Graco Ultra Airless Handheld Cordless
Ideal for small painting projects.

Graco GX FF
Ideal for medium-sized projects.

Wagner SF23 Pro
Ideal for medium-sized projects.

* It is also possible to purchase a professional sprayer of another brand to include in the Spraymiles programme. Ask for the possibilities at your paint wholesaler or ask Mathys.
