Primer & topcoat in one, Water based

Protection of the dry film against fungal degradation

- Interior and exterior
- High quality satin matt finishing
- Good adhesion
- Ideal for damp areas
- Fast drying

Pegaprim® primers make it easy for you!

Pegaprim® Isofix

Stain-blocking & adhesion primer Shellac Based

Ultimate adhesion primer. 100% white pigmented shellac, Pegaprim® Isofix blocks the worst stains, seals in the toughest odours and bonds tightly to glossy and dense surfaces. Pegaprim® Isofix seals in knots and sap streaks, grease stains, fire odour, and seals new wood. It's great as a general primer and as a spot primer. No other primer performs as effectively or dries and cures as quickly as Pegaprim® Isofix.

Premier Stain Killer

Water stains • Graffiti • Knots • Severe Smoke and Fire Damage • Rust • Food/Beverage • Soot • Interior Cedar/Redwood bleed

Best Odour Sealer

Fire Damage • Musty mould and mildew • Pet odours • Moth balls • Fireplace odours • Nicotine

Best Spot Primer

Filler repairs • Knots • Bare wood • Greasy, oily areas • Make-up • Ink, crayon stains

Best Over/Under Glossy Paints

Kitchen cabinets • Trim & doors • Shelving • Panelling • Bare wood • Tile • Varnished trim • Metal • Formica®

PegaPrim® Xpress

Stain-blocking and adhesion primer Water Based

Acrylic, water based stain-blocking and fast-drying universal adhesion primer. Pegaprim® Xpress is an outstanding all-purpose, all surface primer, which is great for all interior and exterior surfaces. Its unique acrylic, latex formula sticks to the glossiest surfaces and blocks difficult stains from appearing on your interior and exterior painted surfaces.

Flexible - Breathable - Durable

Exterior wood • Vinyl siding/Shutters • Masonry/Concrete • Brick • Stucco • Aluminium

Penetrates and Seals Porous Surfaces

Bare drywall • Chalky aluminium siding • Builder's flat paint • Bare wood • Masonry/Concrete • Stucco

Adheres to Hard-to-Paint Surfaces without Sanding

Ceramic tile • Panelling • Formica® • Glass • PVC piping • Metal doors • Gutters/Downspouts

Low Odour - Soap and Water Clean up

Homes • Workplaces • Schools • Hotels • Hospitals

Why should you use Stain-blocking and adhesion primer ?

To seal porous surfaces

• Builder's flat paint • Bare drywall • Stucco • Concrete/masonry • Bare wood • Weathered aluminium • Filled areas

Benefit: Uniform colour and sheen with one topcoat.

To permanently block stains

• Water stains • Knots and sap streaks • Tannin bleed • Nicotine • Mildew stains • Food/beverage • Pet stains • Graffiti • Ink • Crayon

Benefit: Prevents stains from bleeding through the topcoat and ruining the job.

To hide dark colours and surfaces

• Decorative colours • Panelling • Wallcovering • Borders • Stained cabinets

Benefit: Prevents colours from showing through or changing the colour of the topcoat.

To adhere to glossy, hard-to-paint surfaces without sanding

• Finished woodwork • Old glossy paints • Glass • Ceramic tile • PVC piping • Vinyl siding/shutters • Formica® • Finished metals • Decorative tile

Benefit: Develops a strong, reliable base to which your topcoat can adhere.

To extend topcoat longevity, washability and durability

• Improves flexibility and adhesion of topcoat • Prevents cracking, peeling, chalking, blistering and bleed-through

Benefit: Helps prevent frequent, costly repainting.

Pegaprim® Sanitop

Primer & topcoat in one - Water based

Wall paint based on water-based acrylic resins with excellent covering power. Protects the dry film against fungal degradation and is therefore the ideal finish for damp areas. Pegaprim® Sanitop is a high quality satin matt primer and topcoat in one for the interior coating of humid sensitive areas where fungal degradation is possible. It can also be used as a durable exterior coating. Pegaprim® Sanitop has good adhesion to most common surfaces.

**Bathrooms • kitchens • basements • wood • exterior walls
• inside of verandas • washing areas • poolhouses**
