SAY GOODBYE TO DIRT & STAINS

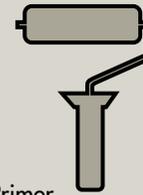

Matt paints create a sense of peace within your interior and hides imperfections, but they are usually only partially washable or not at all. This is precisely where Paracem® Deco Ultra Clean changes the game. Frequent soiling doesn't stand a chance any more in the children's bedrooms, kitchens, hallways and more.

Dampen a cotton cloth or soft chamois cloth with some lukewarm water and detergent, quickly wipe the stains and you're done! Plus, the paint won't get shiny on you. For more serious soiling, we recommend using Mathys® Multi Cleaner, an incredibly strong, concentrated, and environmentally friendly cleaner.

Consult our technical sheet on www.mathyspaints.eu for more info and cleaning tips.

TIPS FOR THE BEST PAINT RESULT

Apply a first layer of Paracem® Deco Primer, and finish with 2 undiluted layers of Paracem® Deco Ultra Clean Matt or XTRA Matt.

Use a synthetic brush or roller. A 10 mm-thick microfibre roller gives excellent results.

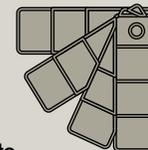

Maximum washability after 7 days (Matt) or 30 days (XTRA Matt).

Job done?

You can clean the paint using water.

FROM LIGHT TO DARK

No matter what colour you prefer to brighten up your room and create ambiance, you will find it in our ColourShop®.

Paracem® Deco Ultra Clean can be mixed into a wide palette of colours, from bright white to soft pastels and trendy dark hues. One thing's for sure: the washability is guaranteed and the matt result is stunning. No 'striping' occurs with darker colours.
