

PARACEM® DECO ULTRA CLEAN XTRA MATT

Excellent washable, extra-matt interior paint

- Excellent washability - Scrub resistance class 1
- Not glossy
- Limited writing effect in dark colors
- Good coverage
- Excellent flow

PARACEM® DECO ULTRA CLEAN XTRA MATT

ОПИСАНИЕ

Paracem® Deco Ultra Clean Xtra Matt is a highly washable alkaline emulsion, water-based interior wall paint with a lasting extra matt aspect. This decorative paint is available in white and in almost all possible colours, ranging from light to dark shades.

ПРЕПОРЪЧИТЕЛНА УПОТРЕБА

It's perfect for interior walls that need regular cleaning (e.g. children's rooms, kitchens, etc.). Suitable for most substrates (plaster, brick, concrete, etc.) in public and private buildings. No 'white marking' occurs with darker colours.

ТЕХНИЧЕСКИ ДАННИ

| | |
|--|----------------------------------|
| Пълтност (г/см ³): | 1,5 (white - wit - blanc - weiß) |
| Гланцово ниво: | extra_matt |
| gloss_level_85: | Matt: 1% |
| Съдържание на сухо вещество (по обем): | 43% (white - wit - blanc - weiß) |

РАЗХОДНА НОРМА

8 m²/l/coat

КОНСУМАЦИЯ

Practical coverage depends on many factors such as porosity and roughness of the substrate and material losses during application.

ПОДГОТОВКА НА ПОВЪРХНОСТТА

The surface must be dry and free of dust and grease.

You can paint Paracem® Deco Ultra Clean Xtra Matt directly over clean, old layers of paint that are still in good condition and onto surfaces that are not too porous.

You must treat porous surfaces with Paracem® Deco Primer first.

Highly porous surfaces, smooth plaster, and water-resistant plasterboard must be impregnated with Pegafox first.

Nicotine and water stains must be isolated first with Pegamat® RL or Zinsser primers Bulls Eye 123 or 123 Plus.

Unpainted woodwork must be treated appropriately first and a priming coat must be applied (e.g. Fassiprim Aqua or Zinsser primers Bulls Eye 123 or 123 Plus).

Metal objects without rust spots are to be pre-treated with Pegalink®, oZinsser primers Bulls Eye 123.

On glass fibre, apply preferably first a coat of Paracem® Deco Primer oZinsser primers Bulls Eye 123 or 123 Plus before finishing with 2 coats of Paracem® Deco Ultra Clean Xtra Matt.

When working in combination with a joint sealant, we recommend using our acrylic sealant Elastopro, which can be painted over after drying for at least 1 hours (20°C, 60% r.h.).

НАЧИН НА УПОТРЕБА

To ensure homogeneity, thoroughly stir prior to use.

УСЛОВИЯ ЗА НАНАСЯНЕ

> 8°C, < 80% R.H.

НАНАСЯНЕ И РАЗРЕЖДАНЕ: ЧЕТКА

Apply undiluted with brush with synthetic bristles.

НАНАСЯНЕ И РАЗРЕЖДАНЕ: ВАЛЯК

Apply undiluted with a 10 mm micro fiber roller.

БЕЗВЪЗДУШНО ПРЪСКАНЕ (AIRLESS SPRAY)

Nozzle: 0.017 - 0.021 / Pressure: 180 bars. Spraying is only recommended for white and colours from base P.

ПОЧИСТВАНЕ НА ОБОРУДВАНЕ И РАЗЛИВИ

Clean the material with water and dispose of the residue appropriately.

ЗАБЕЛЕЖКИ

Do not apply at temperatures below +8°C.

Not recommended for use in damp rooms (eg bathrooms).

Cleaning instructions: Remove the contamination as soon as possible. Most contamination can easily be removed with a soft, damp cloth. Use lukewarm water and a mild colourless detergent. Do not use abrasive cleaning products. Do no use excessive pressure when cleaning as this may result in removing paint which will leave marks.

For more serious contaminations first wipe the substrate with a soft damp cloth, then use Mathys Multi-cleaner (diluted 1:100). Allow to dry.

The best cleaning results are achieved after the Paracem® Deco Ultra Clean Xtra Matt has dried for minimum 30 days.

Although extensive evaluations have been undertaken to ensure the cleanability of the Paracem® Deco Ultra Clean Xtra Matt it might be possible that some contamination is difficult to remove and leaves traces.

Touching the paint may leave marks this is due to the matt nature of the product (the marks will be more visible on dark colours). There may be a shiny effect after drying of the first coats in colours that are made of D and TR bases.

ДАННИ ЗА БЕЗОПАСНОСТ

Ниво на ЛОС: 10 g/l

Готов за употреба ЛОС

(VOC Readymix): 10 g/l

Категория ЛОС: IIA/a

group_voc_40_limit: 30 g/l

Забележки относно безопасността: Consult Safety Data Sheet and Safety Information printed on the can.

СРОК НА ГОДНОСТ

Minimum of 2 years from date of production in unopened cans, if stored in dry, well ventilated areas, not in direct sunlight at temperatures between 5 and 35°C.

Дата на издаване: 02/10/2025
